

LED Ceiling light

400mm Square LED ceiling light with a thinner rim and only 25mm in height. It has a wide beam angle to provide general lighting with high efficiency. LED ceiling light with a frosted diffuser that provides glare-free general illumination. Ideal for replacing traditional halogen lamps, achieving savings of up to 90%, and conventional low-consumption downlights, achieving savings of up to 60%, resulting in high energy efficiency. Besides it has a motion sensor that activates the lighting fixture only when it detects presence, offering further energy savings. Easy to install, long LED luminaire life of

over 30,000 hours, and maintenance-free.

Thanks to its color selection system, you can adapt it to your business or home needs, choosing the desired color for each room or space. Inside, it includes high-brightness LED diodes to provide quality lighting. Due to its high durability, the spotlight has a longer lifespan, reaching up to 100,000 switch cycles.

Technical Parameter

Model	QCOM-CL18W-830DM
Voltage	AC180~265V 50/60Hz
Wattage [W]	18W
Lumens [Lm]	1620
Beam Angle	120°
Grade	IP20
Material	ABS / PC
Size [mm]	400 x 400 x 25
Cut out [mm]	Dia55~380mm

Installation
